

COME WORK WITH US

BIBBY + BRADY

INTERIOR DESIGN

www.bibbyandbrady.co.nz

Company Profile

Bibby + Brady is owned and directed by Vic Bibby and Dael Brady. Founded in 2013, the business was born from their shared desire to create beautiful, unique spaces with enduring style. Vic and Dael pride themselves on their down to earth approach and dedication to designing spaces that truly reflect their clients' lifestyles and aspirations.

WORKING WITH US

We believe that you are greatly affected by your surroundings, and that you deserve to live in a space that brings you comfort and lifts your spirits. Great interior design doesn't happen by chance, we carefully research, plan and curate all of our spaces.

Bibby + Brady offers a large range of services from full room makeovers to complete new builds and renovations. Our team are experts in custom furniture design, space planning, kitchen, bathroom and laundry designs, window coverings, colour consultations and accessorising.

The Benefits

WE WILL SAVE YOU MONEY

Although this seems contradictory, as we'll charge design fees, we will help you to avoid costly mistakes. Have you ever bought a piece of furniture only to find that the scale is all wrong once you try it in the room? Or painted a room and discovered that the colour is not at all what you were expecting? Are you overwhelmed with all of the choices? Let us help you make these decisions. It's our philosophy to 'buy it once and buy it right'.

WE WILL SAVE YOU TIME

We can project manage bigger jobs, working alongside and co-ordinating with your architect, builder and tradies, answering all their tricky questions throughout the project turning our design into a reality. This lets you to get on with your own life - you do what you do best, and leave us to do what we do best.

WE DESIGN & CREATE SPACES THAT BRING YOU JOY AND INCREASE THE VALUE OF YOUR HOME

WE HAVE GREAT RESOURCES

We work with a fantastic curtain and blind maker and installer, and have access to amazing furniture, fabric and accessories that are not available to the general public. We can create custom pieces, like cushions and furniture, to make sure everything fits perfectly and is just right for you and your home.

WE WILL CREATE THAT 'WOW' FACTOR

We have years of experience and will see and think of things that you may not. We think outside of the box and may push you out of your comfort zone at times, but rest assured we only want to design an amazing space for you to live/work in. All we ask is for you to trust us!

What our clients say...

“Experience, style and really lovely people who genuinely think about and care about who you are and how you want to live now and in the future. I recommend working with interior designers to anyone who is looking to make changes in their home. Lots of people perceive it to be costly, but for big renovations like ours, where we had an almost total blank page, it took our minds off having to source good quality products ourselves and it saved us time and money. And it gave us confidence - we might have ended up with a house that was “popular” because it was a best seller in a shop, rather than something that was unique to us and that’s the biggest benefit of working with Bibby + Brady”.

Veronica & Jamie Matheson

“When it came time to refurbish our house, which was going to include a new kitchen, I decided to reach out to the ladies at Bibby + Brady. From the first visit with Dael and Vic, I felt comfortable. They listened to what we liked and disliked about the current layout, and presented some fantastic ideas that we would never have thought of ourselves. At no time did I feel uncomfortable with their suggestions or feel pressured into anything I was unsure about. Dael and Vic have surrounded themselves with some fantastic suppliers, who were also

a pleasure to work with. Dael and Vic were professionals from start to finish. I would not hesitate to recommend these lovely ladies to prospective clients. You will not be disappointed”.

Fiona & Graeme Ricketts

“With a house build ahead of me and having to make decisions for all interior and exterior colours as well as soft furnishings, I felt overwhelmed. My main concern was making costly mistakes or ending up with a white box. The wrong white at that!

After a bit of online research of interior designers in the Hawkes Bay area, I liked the portfolio on Bibby and Brady’s website so got in contact. Initially I was interested in working with Dael and Vic on the main room of the house, an open plan kitchen, dining and lounge area. We loved the concepts they came up with so much we decided to ask them to also help with other areas in the house”.

Anne & Paul Merritt

Our Process

In order for us to do the best job possible we need to get to know our client really well. We're designing the space for you, so we need to know who lives there, how you live, what you like and dislike, what you hope to achieve... the more information the better.

THE INITIAL CONSULTATION

This is a very important first step. We're able to see your home and get to know you and your project better. We spend up to an hour with you - we'll walk through your house, before sitting down to ask you relevant questions (or in the case of a new build, we'd spend this time going over your plans).

WHAT WE'LL NEED FROM YOU

We'll need an up to date floor plan, preferably digital, but a paper copy is OK. A clear brief, either emailed to us and/or verbal. If you have any inspiration images that's handy too so we can see what you like - either on Pinterest, or good old fashion magazine cut-outs.

OFFER OF SERVICE

After the initial consultation an offer of service will be sent to you outlining how we propose to move forward with you and your project, and the costs involved.

DESIGN STAGE

When you have accepted our offer of service we will put you into our calendar, letting you know our timing. Once we're ready to start we will begin designing your space which is then presented in the form of a design board with a furniture plan, and 3D visuals when relevant.

Our Process continued

PRESENTATION

We will arrange a meeting with you in our office to present and discuss your design along with samples of tiles, fabric, flooring, wallpaper, or any other materials used in the concept. If you live outside of Hawke's Bay and we can't meet with you in person, your design board will be emailed to you and followed up with a phone call to discuss it.

Any revisions requested to the initial design will be discussed on a case-by-case basis and may be charged at an hourly rate.

PROCUREMENT

Think of us as your personal shoppers. We will itemise furniture, lighting, accessories etc for you, and once approved will order, track and manage all purchases.

PROJECT MANAGEMENT

We like to visit your site from time to time during the construction stage to check on progress, talk to your contractors and see the project through to completion. We're available for any questions that may arise.

INSTALLATION + STYLING

Installing furniture and styling your home/space is charged on an hourly rate, however when a finished project is photographed for our portfolio, we provide styling for the shoot free of charge.

Our Services

Concept design

Space planning

Renovations and new builds

Boutique commercial design

Kitchen, bathroom, laundry and wardrobe design

3D visuals

Elevation drawings - for any interior architectural elements such as kitchen, bathroom, laundry, and built-in cabinetry

Furniture and homewares sourcing and procurement

Curtain & blind making, and furniture re-upholstery - with access to a wide selection of fabrics

Custom cushion making and custom furniture making

Interior fit-out and styling

A little more about us...

VIC BIBBY - interior designer | director

Vic graduated from the Wellington School of Design with a diploma in Visual Communications Design, and went on to work as a graphic designer for over 10 years. Eventually her passion for interiors pulled her into the world of interior design where she worked before starting Bibby + Brady with Dael. Vic loves to stay abreast of design around the world, and her philosophy is to create beautiful, unique spaces with enduring style.

DAEL BRADY - interior designer | director

Dael spent many years travelling, and worked in the UK in event management before returning home to study Interior Decorating. In 2013 she teamed up with Vic to create Bibby + Brady. Dael is very hands on, working with the details from conception to construction, and handling all aspects of the project management. Her friendly, relaxed nature reassures clients that they're in very capable hands.

“The benefits we got out of this partnership is well thought out rooms that flow well. There is nothing that Vic and Dael had conceptualised that we look at today and wish we hadn't done. It all works beautifully together and is a great space to live in. We were introduced to some design ideas and textures that we would never have come up with our own.

The other benefit is that I didn't make costly errors that I may have done if I hadn't had Bibby + Brady involved”.

Anne & Paul Merritt
